

POINT-IN-TIME COUNT

of homelessness in Columbus & Franklin County

The 2017 point-in-time count of people experiencing homelessness in Columbus and Franklin County was held on January 25, 2017.

Community Shelter Board led Columbus' and Franklin County's annual count of the area's sheltered and unsheltered homeless populations, including adults, youth and children. Point-in-time counts are conducted across the nation in late January in compliance with a funding requirement by the U.S. Department of Housing and Urban Development.

1,691

people were counted during the Jan 2017 count.

1,229 in shelter 340 unsheltered 122 in transitional housing

Community Shelter Board worked in collaboration with local service providers, partner agencies and volunteers. In an effort to make sure the count was as comprehensive as possible, counting was conducted in a number of different ways.

Data system

CSB's homeless management information system was used to capture the number of people sheltered overnight leading up to Jan 25.

Land count

Street outreach teams across the community conducted counts of people on downtown streets and at known encampments during early morning hours.

Meal sites

Volunteers conducted counts at soup kitchens and feeding sites.

Service providers

Service-based agencies that have clients experiencing homelessness conducted counts.
