Membership in Women Leaders requires a \$1,000+ individual investment, renewable annually. Annual membership funds are applied towards the group’s two goals:

- < *Family homelessness diversion - often families only need help with a one-time expense such as a car repair or medical bill. Women Leaders are investing in a fund to help with these one-time expenses that ensure families remain stably housed instead of needing a homeless shelter.*
- < *Investing in a healthy start for newborns - in alignment with our community’s infant mortality reduction initiative, CSB is prioritizing pregnant women for shelter, to make sure they are never turned away due to lack of space. Additional funding is needed to provide enhanced services including rental assistance, so that pregnant women are housed before they give birth. We want to make sure every newborn baby starts their life in a safe, loving home – not in a homeless shelter.*

I want to help rebuild lives.
